

Muneeba Sana

Frontend Developer (HTML, CSS, JS, React)

■ muneebasana4@gmail.com

■ Islamabad, Pakistan

■ Portfolio: <https://muneeba-sanaullah.github.io/My-Portfolio/>

■ GitHub: <https://github.com/muneeba-sanaullah>

Skills

- Languages: HTML5, CSS3, JavaScript (ES6+)
- Frameworks & Libraries: Bootstrap 5, React.js
- Tools & Platforms: Git, GitHub, Netlify, GitHub Pages
- Frontend Skills: Responsive Web Design, DOM Manipulation, Form Validation, LocalStorage logic, Dark/Light Mode Toggle
- Other: UI/UX Fundamentals, API Integration (Weather App using React)

Projects

■ Modern eCommerce Storefront

Developed a responsive, multi-page eCommerce website using HTML, CSS, Bootstrap 5, and vanilla JavaScript to build a strong foundation in core logic before transitioning to frameworks. Features include reusable components (navbar, footer), product detail modals, cart and wishlist functionality using localStorage, interactive icons, and real-time badge updates.

■ Source Code: <https://github.com/muneeba-sanaullah/ecommerce-site>

■■ React Weather App

Created a responsive weather application using React.js to fetch and display real-time weather data from a public API. Designed a clean and user-friendly interface with dynamic visuals. Implemented asynchronous API handling, state management, error handling, and UI updates based on user input.

■■■ Personal Portfolio Website

Designed and developed a fully responsive personal portfolio using HTML, CSS, Bootstrap 5, and JavaScript. Showcases key projects with interactive elements, dark/light mode toggle, and an offcanvas mobile menu. Focused on clean code structure, consistent branding, and user experience across devices.
