Professional Summary

Frontend Developer expanding into backend development with hands-on experience building responsive and modern full-stack web applications using React.js, JavaScript, Tailwind CSS, Node.js, Express.js, and SQLite. Skilled in creating polished user interfaces, reusable components, admin dashboards, backend APIs, product filtering systems, shopping cart functionality, and checkout flows. Experienced in backend order handling, database integration, and REST API development.

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap 5, Responsive Design, React Router, Vite, Framer Motion

Backend: Node.js, Express.js, SQLite, REST APIs, Backend Routing, Database Integration, Stripe Integration (Mock/Test Flow), Server-side Order Handling

Tools & Platforms: Git & GitHub, VS Code, Postman, npm

Projects

Bloom & Blossom — Floral eCommerce Web Application

Tech Stack: React.js, Tailwind CSS, Vite, Express.js, SQLite

- Built a responsive floral eCommerce web application with modern UI and smooth user experience.
- Implemented dynamic product filtering, category search, product detail pages, and shopping cart functionality.
- Created reusable React components and responsive layouts for mobile, tablet, and desktop devices.
- Designed an elegant admin dashboard featuring analytics cards, revenue visualization, and recent orders table.
- Integrated mock Stripe checkout flow and backend order handling using Express.js and SQLite.
- Built backend API endpoints for checkout sessions and order management.
- Implemented SQLite database storage for order persistence and transaction handling.
- Structured backend using modular folders for routes, controllers, services, database, and data management.

Personal Portfolio Website

Tech Stack: React.js, Bootstrap 5, Tailwind CSS

- Developed and deployed a personal portfolio website showcasing frontend development projects and skills.
- Implemented dark/light mode functionality with responsive navigation and mobile optimization.
- Built reusable UI sections including project showcases, services, and contact forms.

Professional Experience
